IT Resources Levy

The IT Resource Levy provides for the cost of maintaining services, wi-fi, microwave link, optic fibre, internet access, hardware such as Interactive Touch TV's, standard TVs, iMacs, iPads, and desktop computers. The levy also contributes to the cost for internet security, software and online licenses for students.

Camp & Activity Levy

College camps and activities provide a range of personal and learning experiences differentiated for age, ability, subject matter and interest. These may include camps, excursions, incursions, sports carnivals, swim carnivals, cross country, and many others. These form an important part of the school curriculum and are compulsory to attend. If a student does not attend camp, the Camp and Activity Levy fee is still payable and non-refundable. This is due to the planning and advanced booking requirements of the activity. Please note that camp and activity events are subject to change and that parents will always be provided with sufficient notice for dates.

Mind & Movement Levy (if applicable)

The Mind & Movement Levy serves the vital purpose of funding external facilitators, travel expenses, and venue hire for our dynamic Mind & Movement programs scheduled for 2027 for Years 3 to 10. The Mind & Movement program is not applicable to students who are enrolled in the Sunshine Coast Sporting Academy.

Sports Academy Levy (if applicable)

The Sports Academy Levy assists with the costs incurred in running training activities within, and outside of school hours. These costs may include, but are not limited to cleaning, electricity, sports facility maintenance, administration, equipment, transport (to offsite training sessions only) and academy staff development. This fee is incurred by students enrolled in the Sunshine Coast Sporting Academy only. This fee is separate to any charges incurred directly by the Sunshine Coast Sporting Academy.
