

Middle School: Years 5 to 8

Commencing 2017

The College Board has announced the re-structuring of Prep to Year 12 to incorporate **Middle School: Years 5 to 8.**

This re-structure, which has been years in the research & planning, will allow the College to best position its students to develop 21st Century skills in an academic design that truly promotes a 'middle school' philosophy. *"Because the College educates students from 3 year olds in Kindy through to Year 12 on the one idyllic rural location, we are best positioned to introduce a Year 5 to 8 structure which other schools are not physically able to consider – mostly because they finish primary school at Yr 6"* commented Mr. Noel Woodall (Board Chair).

Further details can be obtained by contacting the College on **5448 1722**
