

## Elective Subject Levies

Subject levies assist to cover the cost of specific elective subjects in Years 9 through 12. Subject levies will be billed each term commencing from Term 2 in 2026. Students will have until the end of Week 3 in Terms 2, 3 and 4 to make any subject changes. After this time, there will be no adjustment to fees should a student withdraw from a subject. If a student changes subjects after Week 3, the full cost of the original subject levy will still be incurred for that term, and any additional costs associated with transferring to a subject that has a higher levy.

All costs below represent an annual fee, billed in three equal instalments over Terms 2, 3 and 4.

Elective Subjects	Y9	Y10	Y11	Y12
Aquatic Practice			\$136	
Biology			\$120	\$167
Digital Technology	\$75	\$75	\$75	\$75
Engineering			\$300
